

THE BRISTOL

1 Bedroom // 1 Bath // Approx. 853 sf

This unique plan offers many options for furniture placement. The sunlit living room is large enough for a media center, desk and ample seating for lounging. The kitchen will accommodate a breakfast table and chairs in addition to the spacious dining room, which can accommodate a large table and seating for six. The bedroom and full bath are tucked away from the living area in a separate wing to maximize privacy.
